PHI BETA SIGMA

2nd Annual

Blu Phi Food Fest

The “Blu Phi Food Fest” is an opportunity for you, the company, to showcase your menu selection, as we provide a venue and atmosphere, which will bring the most attention to your business. Last year’s “Blu Phi Food Fest” created so much buzz that almost half-the campus showed! It was hosted outside in the busiest section of campus, the Student Union. There was live entertainment, a DJ, and lots of food that was donated. This year we are expecting more food donations and a bigger crowd.

Our goal is to provide the students, faculty and staff of North Carolina A&T State University an opportunity to experience what Greensboro’s best dining establishments have to offer. We are currently in the process of soliciting contributions in the form of food donations, coupons, and anything else you would like to offer.
